<p>The major business activities of the company comprise of progressive manufacture, assembly and marketing of Isuzu DMAX Pickups, ISUZU Trucks, Bus Chassis and fabrication of Bus and Load bodies. To accomplish its mission the company has a country wide dealers network for marketing its products. In addition the company represents its principals in Pakistan for other built up (CBU) products.</p> <p>The company has provided impetus to the local manufacture of engineering goods. With the introduction of new models that compliments the Isuzu products, additional opportunities are being availed to provide work for the company's in house manufacturing facilities as well as for the vendors producing Isuzu parts locally.</p>
